

SAVING FACE

# Code Red

## Wonder tonic **Murad Essential-C Cleanser**

contains phospholipids and sodium PCA to bind moisture to skin, as well as vitamins A, C and E to defend against free radical damage.

Your client will breathe

easier when she slathers on **Repêchage Hydra Soleil Deep Relief Tea Gel**, which boasts hyaluronic acid and thermophilus to replenish skin's moisture.

Doctor's orders: Have her try **Robanda Anti-Aging Hand Cream**, packed with patented Gatuline Whitening and retinol to reduce the appearance of brown spots.

**Dermologica After Sun Repair** helps minimize UV ray damage thanks to a blend of seaweed extracts and soothing botanicals.

Prognosis: She's going to be OK! **P2 Sunwear** by **Philip Pelusi** is chock-full of red marine algae to hydrate and help heal skin's tissues.

**La Roche-Posay Biomedic** contains a proprietary blend of lipo-hydroxy-acid (LHA) to help diminish the appearance of hyperpigmentation and stimulate cellular renewal.

You won't need bandages when you use **True Restoring Rich Moist** infused with a patented blend of healing lavender, rose and chamomile.

Hold the ambulance! Pumped with soothing Japanese green tea extract, **Protective Day Lotion SPF 15** is sure to soothe her burning skin.

Move over, Florence Nightingale! **Biologique Recherche Regenerating and Hydrating Face Emulsion** is here to rescue your client's sun-weary skin with the aid of hydrating milk peptides and soothing aloe vera.

1 Cleanse | Tone

Treats and targets pigmentation and damage caused by environmental exposure

### Essential-C Cleanser
